**In Association with the
Japan Jizake Cooperative**

Japanese sake or, *nihonshu*, is globally recognized as an essential part of Japanese cuisine, but few know what a wide variety of flavors and styles there are. Several larger brands enjoy international success while many smaller brewers, with equal passion and skill, are eager to introduce their product to a broader audience. The *Kikizakekai* Tasting Evening is the ideal opportunity to discover some of the smaller craft breweries and their products, *jizake*, as well as enjoy some of the most recognizable brands. It is also a perfect opportunity to learn how the characteristics (terroir) of each region imbues each sake with a unique flavor and texture.

Come join a fantastic Japanese-themed event with an interesting network of people from all over the world. There will be door prizes including sake-related products and Japanese Inn *ryokan* stays.
