Please find attached a visiting report to Yamada-machi that was partly destroyed by the tsunami. This covers the project that will build a Child Care and Play Centre with Elderly Bath Facility within 3 months (see attached design); it promotes that elderly who lost their home and children now living in emergency facilities assist each other under the initial guidance of UNICEF. After initial management by a dedicated 'Oranda-jima NPO' (<http://www.oranda-jima.org/>) now being established by the PA International Foundation (www.PA-International.org) with the support of several major Dutch companies and foundations, the entire building will be given to the local authorities. Among the Board Members of the future Oranda-jima NPO are Wakako Hironaka (former Minister of Environment), Leon Halders (DSM Japan K.K.), Jan Remie (Rabobank Netherland, Tokyo Branch), Wolter A. Veenhoven (Foundation 't Trekpaert/Hastex International K.K.), Martin van der Linden (VAN DER ARCHITECTS) and Rio Praaning Prawira Adiningrat (PA Asia Tokyo/PA International Foundation).

The entire operation will cost around 700,000 euro/81,400,000 yen over two years. Around 400,000 euro/46,500,000 yen has been pledged so construction will soon start. May we kindly request you to consider donating whatever smaller or larger amount to this project or to pass this letter and attachments on to someone you believe would wish to consider a donation. Currently the Tokyo based law firm Morrison & Foerster LLP helps establish the Oranda-jima NPO with a tax exemption status. In the meantime donations can be given to the PA International Foundation in The Netherlands, ABN AMRO Bank (Kneuterdijk, 2501 AP Den Haag, The Netherlands), Bank account (IBAN) NL88 ABNA 0495 5365 71 (BIC: ABNANL2A), with refence to 'Oranda-jima NPO'. Donors will receive a formal acknowledgement of their donations.

We thank you very much indeed for your most kind consideration and are gladly at our availability for any further information.

Yours sincerely,

On behalf of the PA International Foundation/Future Oranda-jima NPO,

Wakako Hironaka
